

Section III:
AMENDMENT to the DRAWINGS

No amendments or changes to the Drawings are proposed.

Section IV:
AMENDMENT REMARKS

After-Final Amendment under 37 CFR §1.312

Applicant respectfully requests entry of the present amendment which cancels non-method Claims 9 - 24, and retains method Claims 1- 8. Applicant has previously agreed to the Examiner's Amendment set forth in the Notice of Allowance, so Claim 4 is amended accordingly in this present amendment to adopt those changes which rendered Claims 4 - 8 allowable.

Whereas Claims 1 - 8 have been previously allowed, and whereas no further changes are made to them, Applicant believes this requested amendment should be recommendable by the Primary Examiner and approvable by the Director.

Respectfully,

/ Robert Frantz /
